Abstract

[EN] The present invention relates to cationic steroid compounds of formula (I) and methods of obtaining them. The present invention further relates to the incorporation of such compounds in a polymeric matrix composition or a coating composition, as well as their use as antimicrobials.

[FR] La présente invention concerne des composés stéroïdes cationiques de formule (I) et leurs procédés d'obtention. La présente invention concerne en outre l'incorporation de tels composés dans une composition de matrice polymère ou dans une composition de revêtement, ainsi que leur utilisation en tant qu'antimicrobiens.
