# PROQUEST ONE BUSINESS

## CONTEXT

The present session aims to make a presentation of the ProQuest One Business database, available in the FEP library, since January 2023.

It demonstrates, in practice, the search and retrieval of information and its tools.

# PROQUEST ONE BUSINESS

## WHAT IS PROQUEST ONE BUSINESS?

The ProQuest One Business platform is a very important tool for business research. It combines multiple business information databases - including, for example, the ABI/INFORM collection and J. P. Morgan Research.

It has over 130 million documents including:

1. **E-books**
2. **Scientific and academic journals**
3. **Newspapers**
4. **Case studies**
5. **Companies, industries and countries reports**
6. **Dissertations and theses**
7. **Videos**
8. **News**

# PROQUEST ONE BUSINESS

## AVAILABLE RESOURCES

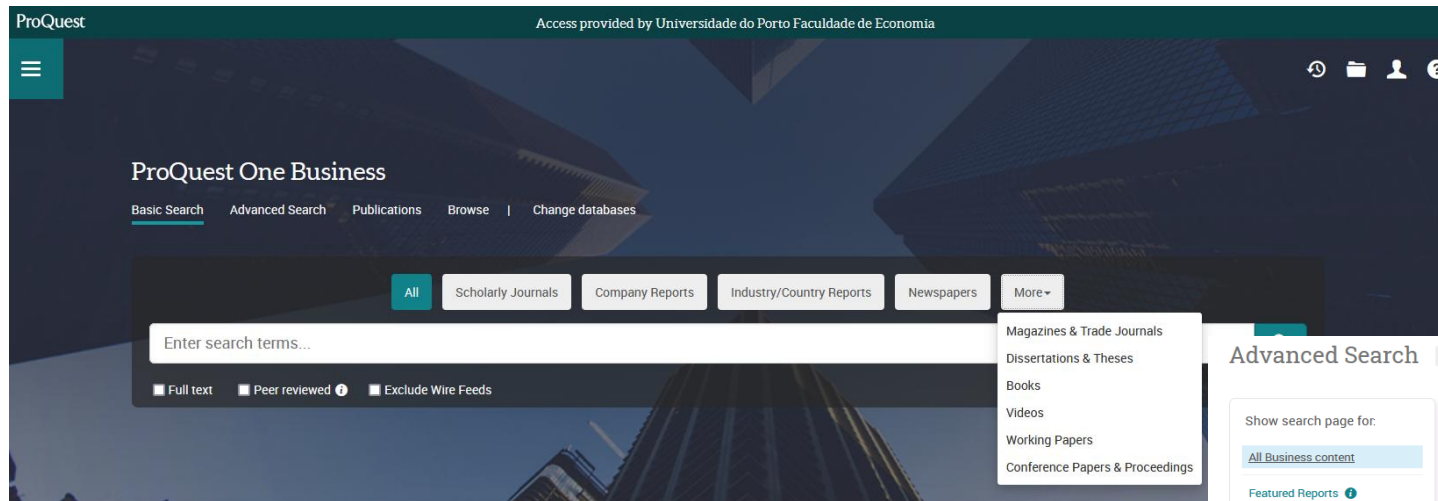

The ProQuest One Business provides access to:

- **Reports** - Companies, industries and countries reports from sources such as the Economist Intelligence Unit, Fitch Solutions and J. P. Morgan analyst reports;
- **Journals** - Academic journals and e-books from hundreds of renowned publishers, including Emerald and Springer;
- **News** - Full text news from multiple sources such as: The Wall Street Journal, The Economist, The Financial Times, etc.;
- **Videos** - Videos of interviews with business leaders;
- **Case studies**;
- **E-book Central Database** - access to millions of electronic and multidisciplinary books, published by renowned publishers such as: Allen & Unwin; Wiley, Pearson, Oxford University Press;
- **Coronavirus Research Database** - access to thousands of open access articles from major publishers, preprint repositories such as arXiv, about COVID-19;
- **Publicly Available Content Database** - database with public and multidisciplinary content, where you can find papers presented at international conferences, etc.

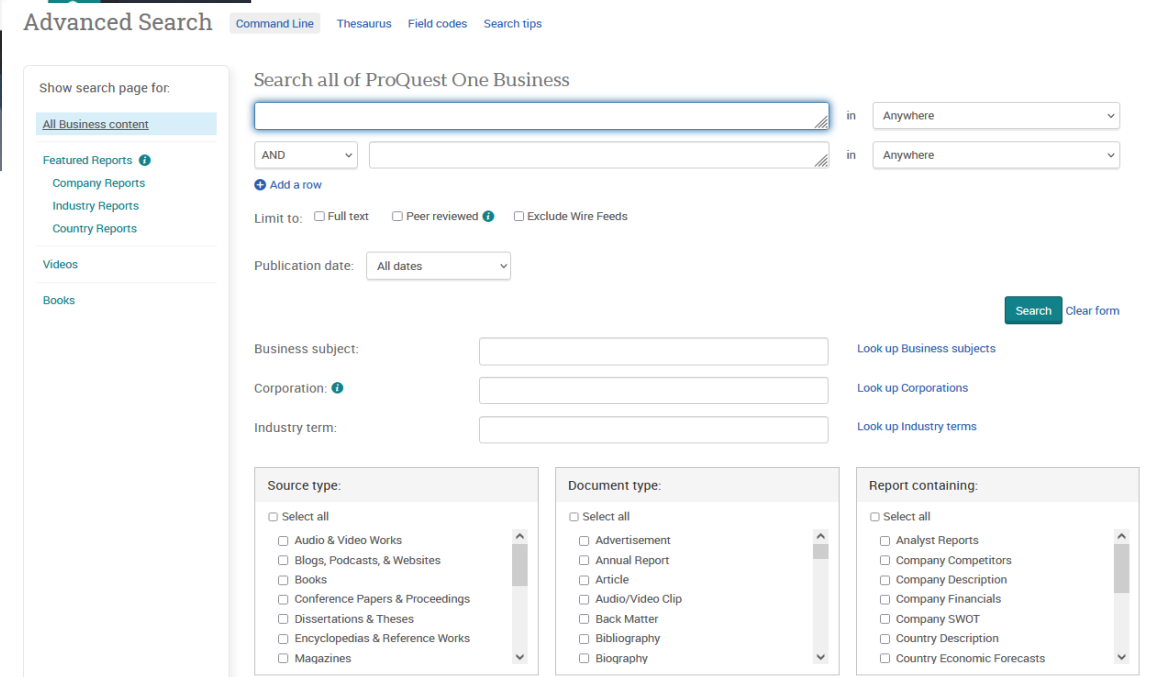

# PROQUEST ONE BUSINESS

## BASIC SEARCH

- The basic search enables access to multiple types of documents by entering one or more terms (journal articles, e-books, newspapers, videos, working documents, reports, etc.)
- Or, select the typology where you want the search to be focused
- If you need help with your search, click on the question mark (?) in the top right corner

! When you enter more than one word (search terms) such as **Elon Musk**, ProQuest will return documents with **Elon Musk**, **Elon** and **Musk** in any field and in any document type. To limit the search terms you must use the truncation "**Elon Musk**".

# PROQUEST ONE BUSINESS

**Company Overview**  
Founded in 2003, the company designs, manufactures, and markets high-performance, technologically advanced electric cars and solar energy generation and energy storage products. Tesla sells three fully electric models: the Model S sedan and the Model X SUV, and the Model 3 sedan, which is among the world's top-selling electric cars. The fuel-efficient, fully electric vehicles recharge their lithium-ion batteries from an outlet. Tesla's Autopilot self-driving technology hardware has been available on all Tesla models since late 2016. US customers generate about 70% of Tesla's sales. CEO Elon Musk founded PayPal and also runs SpaceX.

#### Tesla Inc

Expect Negative Reaction to Lack of Details with Regard to Product Road Map

Our estimates and fundamental view on Tesla shares are unchanged after the firm's investor day yesterday which was heavy on discussion relative to clean energy transition and on the company's approach to designing and developing vehicles generally, but short on specifics or measurable metrics to track its progress. From our conversations with investors heading into the event, it seems clear expectations were higher than Tesla met with regard to certain elements of the product road map, with many hoping to witness the debut of a lower priced (~\$30K) "Model 2" in order to sustain rapid unit growth, or perhaps refreshed versions of the high volume Model 3 and Model Y, which have carried over more or less unchanged (at least stylistically) since their debut in 2017 and 2020, respectively, despite a bevy of recent new competition. There may have even been expectations for a "one more thing" announcement also, with investors having asked us in the run-up to the event to comment on the prospects, for example, for a Tesla phone or other unanticipated product with tantalizing TAM that could allow investors to continue to value the shares well beyond their likely automotive industry profit potential. Investors are looking for a reason to model a re-acceleration in unit volume growth (such that a Model 2 debut could provide) after growth expectations recently moderated following guidance at the time of 4Q earnings for 1,800K deliveries in 2023 vs. Bloomberg consensus at the time for 1,849K (see our January 26 note, "Tesla Inc 4Q22 Margin Disappoints Even Prior to Impact of Large Price Cuts: 2023 Deliveries Outlook Below Street" for further detail). Faster growth is needed, in our estimation, to offset the highly injurious impact to profit from large price reductions. Recall that Tesla recently implemented a roughly -10% on average price reduction across its lineup, which we estimate converts into gross and operating profit at a 100% decremental margin, ceteris paribus. To offset the profit impact of these price reductions, a +20% corresponding increase in volume is required, assuming a lesser 50% flow-through to operating profit from changes in margins due to changes in volume. Price associated changes in margins are...

#### Description

Kenwood and Lougheed's classic book has been the benchmark introduction to the development of the global economy for decades. For this fifth edition, Michael Graff has brought the story up to date to include events from the early part of the twenty first century - continued globalization, the emergence of Asia as an economic power and the greater role played by business on the international scene. Renowned with the industrial [Show more](#)

The screenshot displays the Adobe Digital Editions software interface. On the left, the 'Última leitura' (Last read) section shows the book 'Cryptocurrencies' by McDonald, Oonagh, with a 'Ler' (Read) button. Below it, the 'Estantes' (Shelves) section lists various categories like 'Todos os itens', 'Não lido', 'Emprestado', etc. The main area shows a table of books on the shelf:

Título	Autor	Editor	Última leitura	Data de adição	Última página lida	Status
Cryptocurrencies	McDonald, Oonagh;	Agenda Publishing	13/03/2023 13:15	13/03/2023 13:15	1 de 228	23 horas

Below the table, the 'Adobe Digital Editions - Cryptocurrencies' window is open, showing the book's table of contents and a preview of the cover. The table of contents includes sections like 'Índice', 'Lista de página', and 'Índice'. The cover preview shows the title 'CRYPTOCURRENCIES' and subtitle 'MONEY, TRUST AND REGULATION' over a background of a green banknote.

Allows the book to be read without the need for an Internet connection (offline)

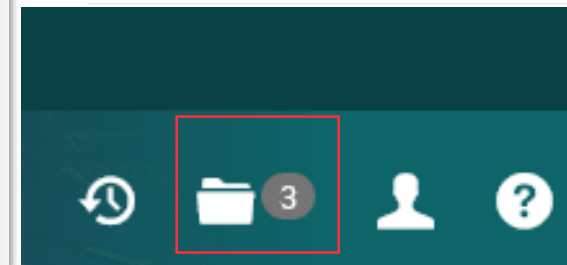

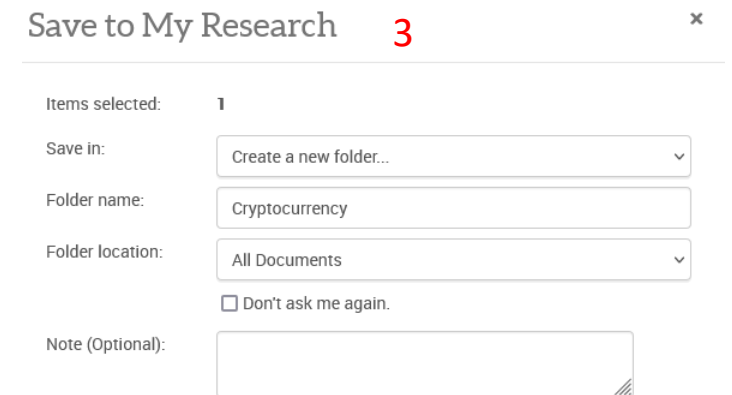

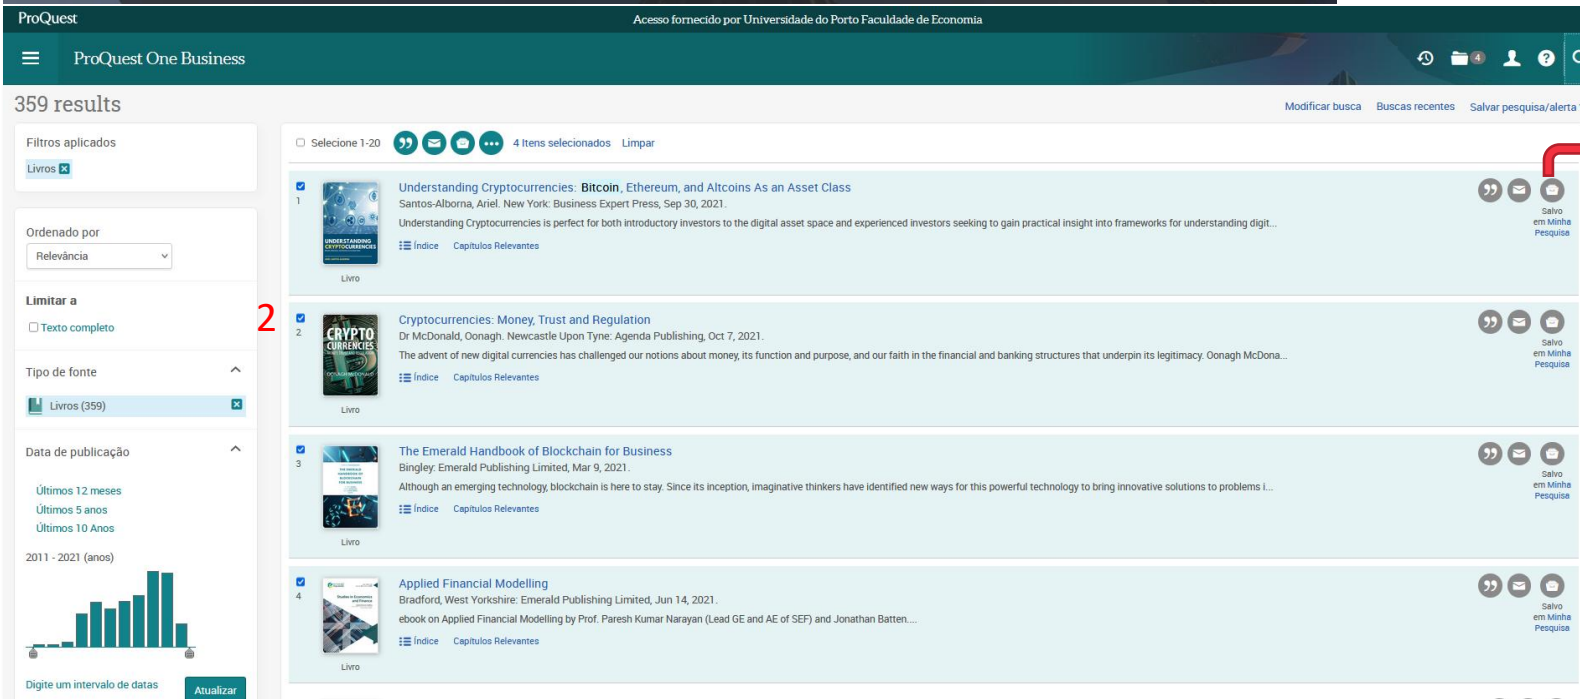

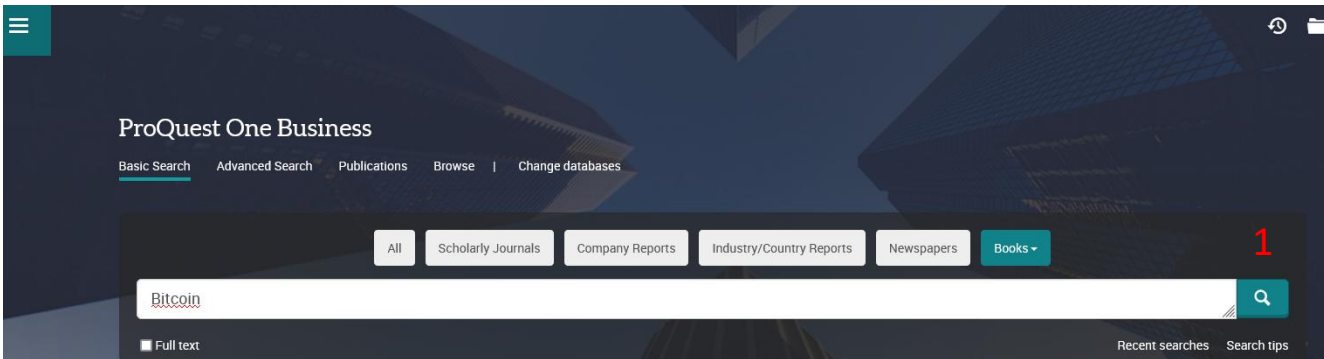

\* Don't forget you need Adobe Digital Editions!

## SHARE VIDEOS

A screenshot of the ProQuest One Business interface. The top navigation bar is dark teal with the text 'ProQuest One Business' and several icons. Below it, a breadcrumb trail reads '&lt; Voltar aos Resultados 1 de 4 &gt;'. The main content area features a video player titled 'Tesla Motors Inc'. The video player shows a line chart of stock prices over a 'ONE YEAR' period, with a play button in the center. The current price is 37.88, up 0.49 (1.31%) from the previous value. The chart has y-axis labels at 26.10, 32.79, and 39.48, and x-axis labels for JUL, OCT, and JAN. A 'Bloomberg' logo is visible in the bottom right corner of the video player. To the right of the video player, a dark overlay menu is open, showing 'Transcript' and 'Embed' options. The 'Embed' option is selected and highlighted with a red box. Below the menu, there is a text area with the URL 'https://www.proquest.com/embed/musk-s-tesla-tweet-sparks-frenzy-in-options-market', a 'Copy permalink' button, and an area containing an iframe code snippet: '&lt;iframe src="https://www.proquest.com/embed/musk-s-tesla-tweet-sparks-frenzy-in-options-market" width="640" height="390"'. A 'Copy embed code' button is located below the code.

- It is possible to embed videos in Moodle and suchlike. You have to select “embed”
- Almost all the videos have a transcription and allow you to search on that transcription
