Observations :

Specific conditions to access the cycle of studies

The following may apply for this cycle of studies:

Holders of a Bachelor's or Master's degree (or legal equivalent) in Architecture and Civil Engineering or similar areas (i.e. Landscape Architecture; Spatial Planning; Urbanism; Environmental Engineering; Geography; Land Management; Environmental Science, Transport Planning, etc.).

In exceptional cases, those with a highly recognized professional curriculum, at the discretion of the Scientific Committee of the cycle of studies.

Criteria and sub-criteria for selection and ranking of applicants

A - Academic curriculum - the academic curriculum is evaluated on the basis of the following sub-criteria (scale range 1-5):	50%
1 - Type of the highest academic degree obtained and final classification (numerical);	25%

2 - Average of the ECTS achieved in the curricular units considered relevant for the programme.	25%
Note: In the ranking process, if the documentation submitted by the applicants does not mention the average final score of the previous degree (highest academic degree), and it is not possible to calculate it, the average final score considered in the criterion "final classification" will be 10 (scale range 0-20).	
B - Professional curriculum - the professional curriculum is evaluated on the basis of the following sub-criteria (scale range 1-5):	25%
1 - Professional experience on relevant field, including professional internships;	15%
2 - Number of years of experience obtained in professional activity taking into consideration prominent job positions, coordination/management key roles in enterprises and institutions.	10%
C - Social skills evaluated by analysis of the curriculum vitae (together with an interview*, if necessary) (scale range 1-5):	25%
1 - Social performance and motivational initiatives related with the scientific field of the programme.	15%
2 - Other relevant social initiatives, including volunteering and direct involvement in key causes of the global society.	10%
*Note: the interview is facultative. In each application evaluation period, the Scientific Committee of the Master Programme can decide whether to interview some or all of the applicants if any information collected in the application process is somehow insufficiently clear for the assessment procedures. The interview may take place via SKYPE given the territorial distance of many applicants. The interview will be scheduled by e-mail sent to the e-mail address indicated in the application.	
Total	100%
Obs.: In the 1st phase, only applicants with a ranking grade equal to, or higher than, 120 (on a scale from 0 to 200) will be admitted. In the 2nd phase, only applicants with a ranking grade equal to, or higher than, 95 (on a scale from 0 to 200) will be admitted.	
Applicants tie-breaking criterion	
In case of a tie-break scenario, an interview will be held. If this is not enough to break the tie, the evaluation given to point C-1 will be determinant.
