Access Conditions and Ranking Criteria

Specific conditions to access the Cycle of Studies

Applicants who may apply for a Master's programme at FEUP are those who are:

- 1) Holders of a bachelor's degree (or legal equivalent);
- 2) Holders of a foreign higher academic degree conferred following a 1st cycle of studies organised in accordance with the principles of the Bologna Process by a country adhering to this Process;
- 3) Holders of a foreign higher academic degree with a duration of, at least, 3 academic years;
- 4) Holders of an academic, scientific or professional curriculum, including:
 - a) applicants whose bachelor's degree is pending the administrative closure of a mobility process that has already been completed, and who are in a position to obtain their bachelor's degree by the end of the enrolment deadline of the respective application phase, regardless of their HEI of origin. These applicants will lose their right to their place within the competition in question if they are unable to enrol by the deadline;
 - b) "*students about to graduate from a bachelor's degree*" who are in a position to obtain their bachelor's degree by the end of the enrolment deadline of the respective application phase, regardless of their HEI of origin. These applicants will lose their right to their place within the competition in question if they are unable to enrol by the deadline;
 - c) applicants who, not being covered by paragraphs a) or b), are holders of an academic, scientific or professional curriculum that is recognised by FEUP's statutorily competent scientific body as attesting to their ability to complete the cycle of studies they are applying for.

Criteria and subcriteria for selection and ranking of applicants

Weightings

a) The Application Average Grade (MC), expressed on a scale of 10 to 20 points, rounded to the nearest unit, represents the applicant's final bachelor's degree mark (180 ECTS) or their current average at the time of application in the case of graduates or <i>students about to graduate from a bachelor's degree</i> , respectively.	[0.60]
b) A supplementary grade, on a 0-20 scale, weighted as follows (a+b+c+d+e+f+g)/7: <ol style="list-style-type: none"> a. First 180 ECTS of core degree in Engineering (≥ 60 ECTS in Mathematics / Physics / Chemistry/ Biology / Geology UCs) (scale 0-20); b. First 180 ECTS of core degree in Engineering (≥ 10 ECTS in Management and Design subjects) (scale 0-20); c. First 180 ECTS of a technological degree (≥ 45 ECTS in Mathematics / Physics / Chemistry UCs) (scale 0-20); d. Second cycle degree (300 ECTS) or equivalent in any area (scale 0-20); e. ECTS above 180 (up to 120 ECTS) of a technological degree (scale 0-20); f. ECTS above 180 (up to 120 ECTS) of core degree in Engineering (scale 0-20); g. Every 6 ECTS in a subject in the areas of safety, hygiene or occupational risk analysis, done in a master's degree course (scale 0-20). 	[0.30]

|--|--------|
| c) Number of relevant publications in the area on a scale 0-20, weighted as follows (a+b+c)/3: <ol style="list-style-type: none"> Scientific books and papers; Technical books and papers; Professional activity (activity ≥ 2 years considered relevant by the Scientific Committee of MESHO). | [0.10] |
|--|--------|

Only applicants with a minimum Final Mark (CF) of 10 points (on a scale of 10 to 20) will be admitted.

Tie-breaking criterion (may be the classification in some of the elements in the table above)

In the event of any ties with an impact on the admission (or non-admission) of applicants, the following criterion will be considered:

Individual interviews* with the group of applicants in question, with the overall quality of the application being assessed according to: Assessment of the structure, organisation, clarity and quality of the documents submitted (50%); Posture, ability of expression and clarity during the interview (50%).

* The call for interviews will be made by e-mail to the address given in the application.

Observations

About the Application Average Grade

- In the case of a holder of a bachelor's degree obtained in Portugal, the value of the Application Average Grade (MC) will be the value of their Final Course Average (rounded to the nearest unit);
- In the case of a foreign degree holder, the Application Average Grade (MC) will be the value of their Final Course Average, which will then be converted to a scale of 0 to 20 points and rounded to the nearest unit;
- In the case of a student about to graduate from their bachelor's degree, the value of the Application Average Grade (MC) corresponds to the average in the degree (at the date of application);
- In the case of applicants who are holders of a curriculum recognised as attesting to their ability to complete the cycle of studies, the value of their Application Average Grade will be assigned by the body that assesses this ability.

About the Graduation Certificate from a higher education programme (bachelor's degree)

- Graduation certificate from a bachelor's degree, indicating the course average rounded to the nearest unit. If the degree average (including, in the case of a foreign HEI, the grading scale and weighting system) is not provided, the minimum pass mark on the Portuguese scale (10 points) will be considered;
- Applicants applying as "students about to graduate from a bachelor's degree" must submit a supporting document issued by the HEI indicating their current average or a declaration of honour, according to the model provided, as well as a certificate of curricular units completed with the respective marks and ECTS credits. If they are from a foreign HEI, they must also submit an official declaration issued by the respective HEI stating the grading scale and the respective minimum pass mark. If only part of the documentation is submitted, the minimum pass mark on the Portuguese scale (10 points) will be awarded.
