

- 1.** This department has been granted free access to the Memsource Academic Edition, an [academic program](#) designed for universities with translation courses.
- 2.** We are using [Memsource](#) in our translation courses free of charge. Memsource Cloud is a complete translation platform that includes translation memory, integrated machine and human translation, terminology management, and a both online and desktop CAT tool.
- 3.** We would like to thank Memsource for granting us free access to their platform through the [Memsource Academic Edition](#).
