Name of Study Cycle

Orthognatic Surgery and Orthodontics

A – Specific conditions for accessing the study cycle

According to the general regulations for the 2nd and 3rd study cycles of UPorto, the SC Scientific Committee is responsible for this information and it is subject to approval by the Faculty Director. However, this does not apply to study cycles merged with other University Institutions, to which the principles defined in the respective collaboration agreement apply, as well as in the specific regulations of the study cycle, formulated according to the Legal Regime of Degrees and Diplomas of Higher Education (DL 65/2018, of 16th August).

Whenever possible, the scientific areas of the qualifications required for the application should be mentioned.

Specific conditions for accessing the study cycle
Specific conditions for admission:

- 1- Graduates in Medicine (in the specialization areas of Plastic, Reconstructive and Aesthetic Surgery, Maxillofacial Surgery or Stomatology) or Dentistry or holders of the Integrated Master's Degree in these areas obtained in Portuguese universities, or with legally equivalent qualifications, are admitted to apply for enrollment in this Cycle of Studies.
- 2- Graduates in other areas may be admitted to candidacy for enrollment in the Cycle of Studies after curricular evaluation by the Scientific Committee.
- 1- 3- Holders of degrees from foreign universities may also be admitted, after curricular assessment by the Scientific Committee, as well as holders of an academic, scientific or professional curriculum considered by the scientific committee as attesting to the capacity to carry out the cycle of studies.

B – Criteria and sub criteria for selection and serialization of candidates

Selection and serialization criteria should be defined using clear, objective and easily applicable and justifiable parameters in order to safeguard the transparency and rigor of the applications' evaluation.

The assessment of criteria and sub-criteria measured by a numerical scale allows a more objective evaluation of the potential and academic/ scientific / artistic / professional skills and capacity of the candidates.

Criteria and sub criteria for selection and serialization of candidates

1 - CANDIDATE'S ACADEMIC AND SCIENTIFIC CURRICULUM (maximum 6 points)	30%
Education (Max. 2,5 points)	
Holders of a degree in Medicine, in the specialization areas of Plastic, Reconstructive and Aesthetic Surgery, Maxillofacial Surgery and Stomatology and Dentistry, or holders of Integrated Masters in these areas, obtained in Portuguese universities, or with legally equivalent qualifications.	1,5 points
Post-graduation in Orthodontics or Orthognathic Surgery obtained at the Faculty of Medicine of the University of Porto (completed) - 1 point	1 point

Postgraduate Studies in the area of Orthodontics or Orthognathic Surgery at other university institutions, considering the ECTS (completed) - 0.5 points	
Scientific Curriculum (Max. 3,5 points)	
One or more papers published in full length in international peer-reviewed journals	1,5 points
One or more papers published (fully written by the candidate) in national peer-reviewed journals	1 point
Six or more oral or poster communications or abstracts	1 point
Three or more oral or poster communications or abstracts	0,5 point
Up to two oral communications or posters or abstracts	0,2 point
2 - PROFESSIONAL CURRICULUM OF THE CANDIDATE WITH SPECIAL RELEVANCE GIVEN TO PROVEN PROFESSIONAL EXPERIENCE IN THE AREA OF ORTHOGNATHIC SURGERY AND ORTHODONTICS* (Maximum 10 points)	
*Mutually exclusive criteria	
Professional experience relevant to the attendance of the Cycle of Studies (clinical practice), less than 1 year or no experience	1,5 points
Professional experience relevant to the study cycle (clinical practice), between 1 and 2 years	3,5 points
Professional experience relevant to the study cycle (clinical practice), for more than two years	5 points
Relevant Professional Experience + Postgraduate Orthodontics (with more than 30 ECTS)	10 points
3 - RESULT OF THE SELECTION INTERVIEW, AIMED AT ASSESSING THE CANDIDATES' PREPARATION IN BASIC SCIENTIFIC AREAS AND THEIR GOALS. (Maximum 4 points)	
20%	
Demonstration of ability to complete the degree	Up to 1 point
Motivation for attending the study cycle	Up to 1 point
Performance/overall assessment of the candidate	Up to 2 points
Tie-breaking criterion for candidates (may be the classification in some of the elements of the previous table)	
1st tie-breaker criterion: highest score in point 2) - Professional experience in the area	
2nd tie-breaker: higher score in point 3) - Interview	
3rd tie-breaker: best grade (bachelor's or integrated master's degree)
