Joint Study Cycles?

PROPOSAL FOR RUNNING, PLACES AND FEES

SECOND AND THIRD STUDY CYCLES

Yes	No
	x

Name of Cycle of Studies

Biomedicine

A – Specific conditions for accessing the study cycle

According to the general regulations for the 2nd and 3rd study cycles of UPorto, the SC Scientific Committee is responsible for this information and it is subject to approval by the Faculty Director. However, this does not apply to study cycles merged with other University Institutions, to which the principles defined in the respective collaboration agreement apply, as well as in the specific regulations of the study cycle, formulated according to the Legal Regime of Degrees and Diplomas of Higher Education (DL 65/2018, of 16th August).

Whenever possible, the scientific areas of the qualifications required for the application should be mentioned.

Specific conditions for accessing the study cycle

- a) Graduates or holders of a Master's degree in Medicine and other areas related to Biological and Health Sciences, obtained in Portuguese or foreign universities may apply for the 3rd Cycle of Studies in Biomedicine;
- b) Graduates or Masters from other areas may also be accepted, after consultation with the Scientific Committee;
- c) Holders of an academic or professional curriculum that is recognized as attesting to the capacity to carry out this cycle of studies by the Scientific Committee may be admitted to enroll in the 3rd Cycle of Studies in Biomedicine.

B – Criteria and sub criteria for selection and serialization of candidates

Selection and serialization criteria should be defined using clear, objective and easily applicable and justifiable parameters in order to safeguard the transparency and rigor of the applications' evaluation.

The assessment of criteria and sub-criteria measured by a numerical scale allows a more objective evaluation of the potential and academic/ scientific / artistic / professional skills and capacity of the candidates.

Criteria and sub criteria for selection and serialization of candidates

A. Candidates for enrollment will be preordained by the Scientific Committee, taking into consideration the candidate's background and curriculum vitae. Candidates will be ranked on the basis of their degree's final classification, attainment of the master's degree; relevance of the scientific curriculum and professional experience:	Weighting 50%:
A1. Bachelor's degree - 25% (<14 points – 0; 14 to 15 points – 1; 16 to 17 points – 2; >=18 points – 3);	Weighting 25%
A2. Master - 25% (no master - 0; 14 to 16 points - 1; 17 to 18 points - 2; 19 to 20 points - 3);	Weighting 25%
A3. Scientific Curriculum - 35% (from 1 to 3, valuing the scientific activity of the candidates, namely involvement in research projects and scientific production): no publications - 0 ; communications - 1 point; international publications as co-author - 2 points; international publications as 1st author - 3 points.	Weighting 35%
A4. Professional curriculum - 15 % (0 to 2 points, considering professional experience: no experience - 0 points; little experience - 1 point; relevant experience - 2 points).	Weighting 15%
B. The candidates with the highest classification in the curricular evaluation will be invited for a face-to-face interview (50%). The number of candidates to be invited for interview will be defined by the Scientific Committee according to the number of vacancies and of candidates.	Weighting 50%

C. The final seriation will be determined by the average of the curricular evaluation and the interview.

Tie-breaking criterion for candidates (may be the classification in some of the elements of the previous table)

Interview
