

INTERNATIONAL CALL FOR APPLICATIONS FOR THE RECRUITMENT OF ONE PHD HOLDER EQUILASED TO ASSISTANT RESEARCHER, UNDER THE TERMS OF THE MULTIANNUAL FINANCING PROGRAM CONTRACT FOR R&D UNITS 2020-2023, ESTABLISHED BETWEEN THE FOUNDATION FOR SCIENCE AND TECHNOLOGY, I.P. (FCT), AND THE APPLIED BIOMOLECULAR SCIENCES UNIT/FACULTY OF PHARMACY OF THE UNIVERSITY OF PORTO (UCIBIO/FFUP) (REFERENCE UIDB/04378/2020 E UIDP/04378/2020) - (UNSPECIFIED TERM WORK CONTRACT)

By order of the Sub-diretor of the Faculty of Pharmacy of the University of Porto (FFUP) of September 12, 2024, under the terms of article 18, no. 2 of the Statutes of the Faculty of Pharmacy of the University of Porto (Order no. 8227/2022, published in the 2nd series of the Official Gazette, no. 129, of July 6th), was decided the opening of an international recruitment competition for one PhD Holder equilased to Assistant Researcher. This international call is open for a period of 10 (ten) working days from the working day immediately following the publication of this notice in the *Diário da República* through the Order (extract) no. 11171/2024, of September 23, 2024. The successful candidate will carry out research activities in the scientific areas of Medical and Health Sciences or related areas, under an individual work contract for an unspecified term, under the Portuguese Labor Code, to carry out research activities, knowledge transfer and enhancement, management and communication of science and technology, collaboration in teaching and training, among others, financed by national funds through the Foundation for Science and Technology (FCT).

1. Scientific area(s)

The scientific areas of this competition are Medical and Health Sciences or related areas.

2. Applicable Legislation

2.1. The call for applications and corresponding recruitment are governed by the provisions set out in Regulation no. 487/2020 - University of Porto Regulations for Research, Science and Technology Staff (hereinafter referred to as the Regulation), published in the *Diário da República*, 2nd series, no. 100, of 22 May, and by other applicable legislation, namely the Portuguese Labor Code, approved by Law no. 7/2009, of 12 February, in its current wording; Decree-Law no. 57/2016, of 29 August, amended by Law no. 57/2017, of 19 July, which approves the scheme for the recruitment of PhD graduates aimed at stimulating scientific and technological employment in all areas of knowledge (RJEC); Code of Administrative Procedure (CPA – abbreviation in Portuguese), approved by Decree-Law 4/2015; Regulatory Decree 11-A/2017 of 29 December; and applicable regulations.

2.2. This call for applications is open under the Multiannual Financing Program Agreement for R&D Units 2020-2023 established between FCT and UCIBIO/FFUP, references UIDB/04378/2020 and UIDP/04378/2020, to support the development of scientific and technological activity; and in accordance with the provisions of article 28(4) of the Scientific Employment Regulation, approved by Regulation no. 607-A/2017 published in the 2nd series of the *Diário da República*, of 22 November 2017, amended by Regulation no. 806-A/2019 published in the 2nd series of the *Diário da República* of 14 October 2019 and Regulation no. 985-B/2019, published in the 2nd series of the *Diário da República* of 31 December 2019.

3. Under the terms of article 16 of the RJEC, in the wording currently in force, this tender procedure is exempt from the authorization of the members of the Government responsible for the areas of Finance and Public Administration, namely that referred to in article 7(3) of the General Law on Public Employment (LTFP), from obtaining the prior favorable opinion of the members of the Government responsible for the areas of Finance and Public Administration, referred to in article 30(5) of the LTFP and from the procedure for recruiting workers in a situation of requalification, referred to in article 265 of the LTFP.

4. Admission requirements

4.1. General admission requirements

This competition is open to national candidates, foreigners and stateless people who holds a PhD¹ in the scientific areas of Toxicology or related scientific areas, and holders of a scientific and professional curriculum that shows an appropriate profile for the activity to be developed.

4.2. Special admission requirements

For the purposes of determining the appropriate profile for the activity to be carried out, the following special requirements are required:

- a) Minimum of 4 years of postdoctoral experience in the scientific field of the notice;
- b) Experience in cell culture;
- c) Experience in toxicokinetics and toxicodynamics studies using in vitro models;
- d) Experience in specific molecular toxicology techniques (e.g., cytotoxicity and proliferation assays, flow cytometry, western blot, fluorescence microscopy) and in the application of analytical techniques (e.g., atomic absorption spectrometry, HPLC, and GC-MS) in toxicological studies and analyses.

5. Preferred selection requirements

- a) Participation in research projects funded by FCT or other national or international entities;
- b) Participation in funded projects for the dissemination and education of science in the field of Toxicology;
- c) Experience in toxicological analyses, of a scientific and clinical nature, serving hospitals and companies;
- d) Responsibility as a Guest Editor in International Peer-Reviewed Scientific Journals in the scientific field of the advertisement;
- e) Teaching experience in the scientific field of the advertisement;
- f) Experience in supervising undergraduate, master's, and PhD students;
- g) Relevant experience, as demonstrated in the CV, in cell culture (e.g., intestinal, neuronal, renal models, and keratinocytes);

¹ If the academic degree was awarded by a foreign higher education institution, it must be recognized by a Portuguese higher education institution, under the terms of article 25 of Decree-Law no. 66/2018, of August 16, which approves the legal framework for the recognition of academic degrees and higher education diplomas awarded by foreign higher education institutions, and article 4(2)(e) of Decree-Law no. 60/2018, of August 3, and any formalities set out therein must be fulfilled by the date of the act of hiring.

- h) Relevant experience, as demonstrated in the CV, in pharmacokinetic and toxicokinetic studies, particularly in mechanisms involving membrane efflux transporters, and in pharmacodynamic and toxicodynamic studies, especially in the context of neurodegenerative diseases;
- i) Relevant experience, as demonstrated in the CV, in analytical methodologies involving flow cytometry and atomic absorption spectrometry.

6. Remuneration

The basic monthly remuneration is 3 427,59 €, corresponding to the 1st position, level 9 in accordance with the table attached to the Regulation, on an exclusive dedication basis.

7. Workplace

The workplace is located at the Faculty of Pharmacy of the University of Porto.

8. Contractual regime

The successful candidate will be hired under an individual work contract for an unspecified term, by legal imperative, under the terms of Article 6(1)(b) of the RJEC, ex vi, Article 18(2) of the RJEC.

The contract will remain in force only for the period necessary to carry out the tasks identified in the following paragraph, within the framework of the program contract, and it is estimated to last around 12 months (in the event that R&D Unit funding is renewed), never exceeding the end date of the program contract and/or the maximum limit of 6 (six) years.

9. Duties to be performed

9.1. Performing activities, on a regular basis, related to the career category to which he/she is contractually equilased, specifically in the following areas:

- a) Research;
- b) Knowledge transfer and enhancement;
- c) Management and communication of science and technology and other related tasks;
- d) Teaching and training activities, when applicable and according to the terms of article 12 of the U.Porto Regulation.

9.2. The PhD holder equilased to Assistant Researcher is responsible for carrying out research and development activities, as well as other scientific and technical activities within the scope of the FFUP mission and also:

- a) Participate in the conception, development, and execution of research and development projects, and in related scientific and technical activities;
- b) Supervise the work carried out within the scope of the projects under its responsibility;
- c) Collaborate in the creation and implementation of training actions related to the ongoing research and development methodology.
- d) Monitor the research work carried out by scholarship holders and research interns;
- e) Collaborate in teaching and participate in the institution training programs;

- f) Participation in the training and guidance of higher education students, namely bachelor's, master's, and doctoral students;
- g) Participate in science and technology management and communication tasks.

10. Selection Panel

In compliance with Article 19(1)(f) and Article 22(3) and (4) of the Regulation, the selection panel of this competition is composed as follows:

Chair:

Félix Dias Carvalho, Full Professor, Toxicology Laboratory, Faculty of Pharmacy, University of Porto and Researcher at UCIBIO, in the exercise of powers delegated by Order (extract) no. 11171/2024, published in DR, 2nd series, no. 184, of September 23, 2024.

Members of the Selection Panel:

1st member: Fernando Manuel Gomes Remião, Associate Professor with Habilitation, Toxicology Laboratory, Faculty of Pharmacy, University of Porto.

2nd member: Helena Maria Ferreira da Costa Ferreira Carmo, Assistant Professor, Toxicology Laboratory, Faculty of Pharmacy, University of Porto.

3rd member: Maria Paula do Amaral Alegria Guedes de Pinho, Assistant Researcher, Toxicology Laboratory, Faculty of Pharmacy, University of Porto.

Alternate members:

1st alternate member: Eduarda das Graças Fernandes, Associate Professor with Habilitation, Faculty of Pharmacy, University of Porto;

2nd full member: Marisa Andreia Carvalho Freitas, Assistant Researcher, Associate Laboratory for Green Chemistry, LAQV/REQUIMTE.

11. Selection methods

In accordance with Article 26 of the Regulation and article 5 of the RJEC, the selection methods are as follows:

- a) Evaluation of Scientific and Curricular Career of the applicants (SCC) - 90%;
- b) If the Selection panel deems it necessary, a Interview (ENT) will be carried out to a maximum of 3 of the best placed candidates in the SCC method (10%).

12. Evaluation of Scientific and Curricular Career of the applicants (SCC) (90%)

12.1. The assessment of the scientific and curricular background of the applicants, considering the profile required to fulfil the demands of the position corresponding to the category for which the present call for applications is open will focus on the relevance, quality and timeliness of the following aspects:

- a) Scientific performance in the areas and sub-areas for which the competition is open;
- b) Knowledge transfer and enhancement;
- c) Management and communication of science and technology;
- d) Teaching and training.

12.2. The assessment of the criteria referred to in points a) and b) of the previous point must take into account the activity carried out over the last 5 (five) years.

12.3. The period of 5 (five) years referred to in the previous paragraph may be extended by the selection panel, at the candidate's request, when justified by the suspension of scientific activity for socially protected reasons, namely parental leave, prolonged serious illness, and other legally protected situations of unavailability for work.

12.4. In the application of the aspects referred to in point 12.1., the following parameters are evaluated, to which the indicated weighting factors are assigned:

12.4.1. Criteria for the Evaluation of **Scientific Performance (SP):**

SP. Personal Curriculum in the area and specific domain for which the recruitment process is opened (which reflects the scientific and professional career), (e.g., coordination and participation in national and international research projects, editing international journals, publications in international journals, awards) (90%).

12.4.2. Criteria for the Evaluation of **Knowledge Transfer and Valorization (KTV):**

KTV. Science and technology dissemination. Coordination and participation in scientific and technological dissemination initiatives within the scientific community (e.g., organization of congresses and conferences) for diverse audiences (5%).

12.4.3. Criteria for the Evaluation of **Science and Technology Management and Communication and Other Tasks (CST):**

CST. Science and technology management and communication activities in the area for which the recruitment process is opened: (a) participation in Erasmus+ Projects; (b) active contribution to the definition and compliance of scientific and social policies; (c) collaboration in evaluation committees for technical and scientific activities, promoted by national or international entities, namely in the context of competitions for projects, scholarships, or awards (2%).

12.4.4. Criteria for the Evaluation of **Teaching and Training (TT):**

TT. Teaching and advanced training activity: a) experience and scope of teaching activity carried out by the candidate in the area and specific domain for which the recruitment process is opened; (b) advanced training (doctoral supervision, master's degrees, and training activities) in higher education institutions in the recruitment area indicated (3%).

12.5. The final classification of the APCC is obtained by the following formula:

$$APCC = 0.90 \times SP + 0.05 \times KTV + 0.02 \times CST + 0.03 \times TT$$

13. Evaluation of the Interview (ENT) (10%)

13.1. If the panel considers it necessary, an interview (ENT) will be held with the candidates ranked in the first positions in the APCC, up to a maximum of three, and the panel will evaluate aspects related to the research carried out by the candidates.

13.2. Failure by candidates to attend the eventual interview stage of the selection process will be equivalent to withdrawing from the competition, and the candidates will be excluded from the procedure.

14. Final Classification (FC)

The Final Classification (FC) of the SCC and ENT (if it takes place), will be obtained by applying the following formula: $CF = (0,9 * SCC) + (0,1 * ENT)$.

If an interview is not held, the final score will correspond to the SCC.

15. Valuation of selection methods

15.1. Each panel member evaluates the scientific and curricular path of each candidate on a scale of 0 to 100 points, valued to the hundredths; the score is obtained through the weighting defined in the evaluation criteria.

15.2. The evaluation of the interview, if carried out, is scored on a scale of 0 to 100 points, with a weighting to the hundredths.

16. Evaluation methodology

16.1. After the admission of the applicants, and before starting the voting for their final ranking in the evaluation of their scientific and curricular background, each member of the selection panel presents a written document, to be attached to the meeting minutes, with the list of the applicants in descending order of merit, duly substantiated, considering the criteria and parameters of this tender notice.

16.2. The panel deliberates employing reasoned roll-call voting following the selection criteria adopted and disclosed; abstentions are not allowed.

16.3. The ranking methodology to be followed is that indicated in Article 29 of the Regulation.

16.4. Each member of the panel shall respect, in every voting round, the order he or she presented in the document referred to in paragraph 16.1.

16.5. The interview has a maximum duration of one hour and is exclusively aimed at clarifying aspects related to the research carried out by the candidates.

16.6. The panel's discussions will be briefed in minutes taken during its meetings, containing a summary of what occurred, as well as the votes cast by each member and respective reasoning.

16.7. After concluding the application of the selection criteria, the panel draw up the ranked list of the applications with the respective score.

16.8. The panel's final decision is approved by the head of the institution responsible for opening the tender notice. The final decision on the hiring is the responsibility of the top leader of the hiring institution.

17. Applications

17.1. Applications are formalized by means of a Application Form addressed to the President of the selection panel, in accordance with the terms defined in the attached model.

17.2. Applications must include all supporting documents that prove that the conditions set out in the requirements (points 4, 5 and 12) are fulfilled, namely:

- a) Application Form, required in point 17.1, above;
- b) Copy of doctoral certificate or diploma and respective recognition of the degree, if it was granted by a foreign higher education institution (proof of recognition to be provided by the time of hiring, if applicable);
- c) A detailed *curriculum vitae*, containing all relevant information for the assessment of the application, as well as to demonstrate compliance with the criteria set out in points 4 and 5 of this notice, organized in accordance with the SCC criteria set out in paragraph 12.4;
- d) Other documents that the candidate deems relevant to the analysis of his/her application (if applicable).

17.3. Applications must be submitted using the online application submission system available on the website of the Faculty of Pharmacy of the University of Porto https://sigarra.up.pt/ffup/pt/cnt_cand_geral.concursos_list (**Ref.^a 2024/18, Pr. 59**).

17.4. Applications must be submitted by 11:59 p.m. (local time) on **October 07, 2024**.

17.5. Failure to comply with the application submission deadline, failure to submit or late submission of the documents referred to in points a) to c) of section 17.2. will lead to exclusion of the application. Applicants will be notified of the exclusion decision by e-mail for the purposes of the hearing of interested parties.

17.6. The selection panel may, whenever considered necessary, ask the candidates to provide complementary documents to verify the facts mentioned in the curriculum vitae submitted, setting a deadline for that purpose.

18. False statements

False statements provided by the candidates shall be punished by law.

19. Results Notification

The minutes regarding the evaluation phases will be sent via email with a delivery notification.

20. Preliminary hearing and deadline for the final decision

Pursuant to article 121 of the Administrative Procedure Code, after notified, all candidates have 10 working days to respond. The panel's final decisions will be announced within a maximum period of 90 days, counted from the deadline for submitting applications.

21. This call for applications is exclusively intended to fill the position announced and can be terminated at any time until approval of the final candidate list, expiring with the respective occupation of the said position. In the case that none of the candidates is considered to have the profile required for the performance of the position described above within the scope of this project, the Selection panel reserves the right to not award the position announced in this call.

22. Selection Reserve list

In case of withdrawal of the candidate ranked first, the highest body of FFUP reserves the right to call the next candidate and so on until the vacancy is filled, by convenience and opportunity, based on the selection reserve list that can be used up to 18 months from the date of the ratification of the selection panel decision, with a “selection reserve list” being created for this purpose, which corresponds to the final score list.

23. Others provisions

FFUP actively promotes a policy of non-discrimination and equal access, so that no candidate can be privileged, benefited, harmed or deprived of any right or exempt from any duty on account of age, sex, sexual orientation, marital status, family status, economic situation, education, social origin or condition, genetic heritage, reduced working capacity, disability, chronic illness, nationality, ethnic origin or race, origin territory, language, religion, political or ideological convictions and trade union membership.

23. Approval of Notice

The President of the Scientific Council of the FFUP approved this notice on September 12, 2024, under the delegation contained in Deliberation no. 974/2024, published in *Diário da República*, 2nd series, no. 142, of July 24, 2024.

Porto, September 12, 2024

Professor Doctor Susana Isabel Pereira Casal Vicente, Vice-diretor of Faculty of Pharmacy of the University of Porto, under the terms of the provisions of no. 2 of art. 18 of the Statutes of the Faculty of Pharmacy of the University of Porto in force.

ANNEX

**Application form
(for the purpose of complying with point 17.2(a) of the notice)**

Dear President of the Selection Board,

I, (Name), born on (date of birth), of () nationality, holder of citizen's card/civil identification/passport/residence permit (*delete as appropriate*) no. (), tax identification number (NIF), resident at (address), cell phone no. (number) and e-mail address (e-mail), hereby ask you to accept my application for the international selection procedure, for the category of (category), to carry out research activities in the scientific area of (), within the scope of the project/ program contract "()" (Ref.), funded by (), in progress at (Faculty/Institute), under an individual employment contract for an uncertain term under the Regulations for Research, Science and Technology Staff of the University of Porto, Decree-Law no. 57/2016, of August 29, amended by Law no. 57/2017 of July 19, the Labor Code and other applicable regulations.

I further declare that I agree to receive communications and notifications regarding this tender procedure by email.

Together with this Application, I am sending the following documents for consideration by the Jury:
